

Inclement Weather

In the event of inclement weather that may cause unsafe travel conditions to and from GFBC for Sunday and Wednesday services and programs, church members are encouraged to check the following sources for information about cancellations: Radio stations WPTF-AM 680 and WRAL-FM 101.5, television station WRAL-Channel 5, the church website, gfbccary.org, or by calling the church office and listening for the recorded message (option 0). Leaders of programs held on other days of the week are encouraged to make responsible decisions and communicate cancellations to program participants. (Note - there is a Greenwood Baptist Church in Warren County, so be sure it's Greenwood Forest).
